Westin Harbour Castle | Toronto, Canada 

 **Sunnybrook**
HEALTH SCIENCES CENTRE

CALL FOR **ABSTRACT SUBMISSIONS**

DEADLINE → 14 NOVEMBER 2016

For more information, please visit www.wadem.org

SUBMIT YOUR ABSTRACT

Dear Colleague,

The **Call for Abstract Submissions** to the **WADeM Congress on Disaster and Emergency Medicine 2017** is now open! The Congress attracts delegates from around the world and will provide exciting opportunities to network and collaborate interprofessionally. Over 20 Tracks are now available for submission as we work to build an engaging and innovative program!

The WADeM Congress 2017 will be the association's 20th biennial meeting of global experts to exchange knowledge and best practices on disaster and emergency health. More than 800 healthcare professionals, researchers, and students from 63 countries participated in our last Congress in Cape Town, South Africa in 2015--and we expect to exceed that for Toronto!

We invite you to submit content for one or multiple tracks and share this **Call for Abstracts** with others who may be interested in participating. Each Track has nine categories for submission, plus one that is OPEN to capture your *imagination* in line with the Congress theme - **"Be inspired-Inspire others! - Laissez-vous inspirer - Inspirez les autres!"**

We look forward to welcoming you to Toronto next April!

Sincerely,

Erin Downey, ScD, MPH; WADeM Vice President for Congresses

Laurie Mazurik, MD FRCPC, MBA, EMDM; Congress Co-Chair

Trevor Hall, B.Comm, RN, EMDM; Congress Co-Chair
